- [Using the Top Navigation Bar](#)

The theme settings in 25Live Pro settings provide choices for customizing the look of 25Live, such as to match the look of your institution's web presence.

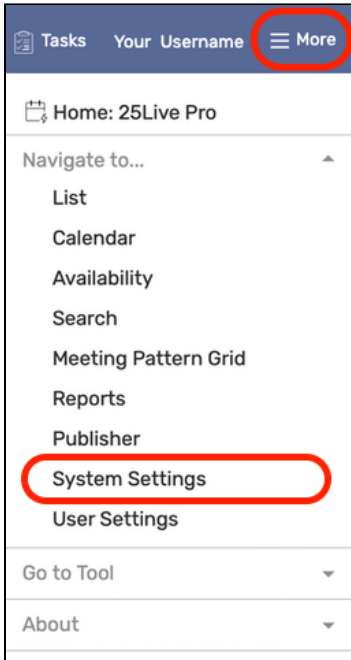

Image: The More menu location and Systems Settings link.

The **System Settings** section is accessible from the **More** menu in [the top navigation bar](#).

Use the menu link to go to the **General Settings** section.

Image: The settings are in the General Settings section of the System Settings.

Use the **Configure Theme** link in the left-side menu to view the section.

To Configure Your 25Live Theme

1. Choose a Logo File

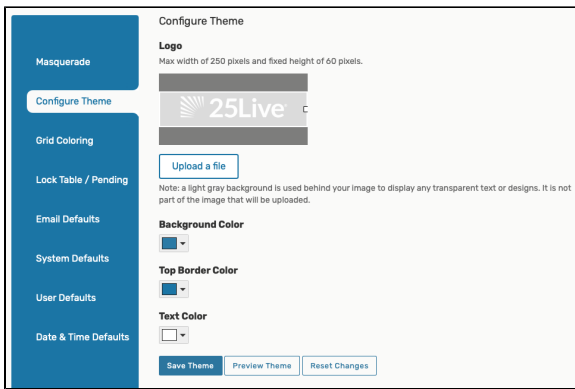

Image: Note the limitations for uploading a logo image when configuring the theme.

You can upload an image using the **Upload a File** button, but be sure your image complies with the noted file limitations.

2. Select Colors

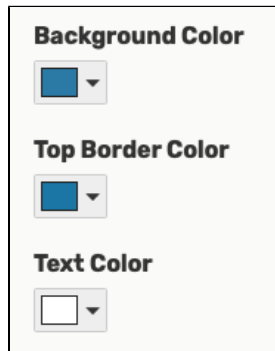

Image: Three colors can be customized.

The color options you can change are all used in the [top navigation bar](#). Choose colors from the picker or enter web hexadecimal color codes (https://en.wikipedia.org/wiki/Web_colors).

- **Background Color:** The color in the background of the navigation bar
- **Top Border Color:** The border above the top bar
- **Text Color:** The color of the text displayed against the background color in the top navigation bar

3. Preview and Save

To finish, there are buttons available to:

- **Reset Changes** to the last saved theme settings
- **Preview Theme** in the background

Use the **Save Theme** button to finish. Return to the Configure Theme view to make further changes or adjustments.
